

CURRICULUM VITAE

Name : K. Sivasubramaniyan

Date of birth : 20 07 1961

Official position : Professor (Since 31 August 2018)
: Associate Professor (31 Aug 2015-Aug 2018)
: Assistant Professor (19 April 2001-Aug 2015)

Mailing address : Madras Institute of Development Studies
79, II Main Road, Gandhi Nagar, Adyar
600 020, India

E-mail : siva@mids.ac.in & ksivam2010@gmail.com
Ph: 24412589 / 24412295 / 24411574 / 24419771
Cell: 99422 76140. Fax: 0091-44-24910872

EDUCATION

Exami- nation passed	Year	Subjects	% of marks	Division/ Grade	Name of the Institution/ University
PH.D	1997	Economics	Highly Commended		M I D S University of Madras
M PHIL	1986	Economics Dissertation	67 Highly Commended	I Class	Bharathidasan University Tiruchi
M A	1984	Economics	67	'O' Grade (Outstanding)	St.Joseph's College Tiruchi
B A	1982	Economics	65	I Class	A A G A College Musiri
P U C	1979	Tamil, English Natural Science Physics and Chemistry	60	I Class	Bishop Heber College Tiruchi
S S L C	1977	Tamil, English Maths, Science History & Geography and Chemistry	69	I Class	Board of Secondary Education T. Puthur

1 PH.D. FELLOWSHIP AND THESIS TOPIC

Indian Council of Social Science Research Fellowship in MIDS for Ph.D. Research from 07-10-1988 to 06-10-1992.

Topic: *Irrigation Institutions in Two Large Multi-Village Tanks of Tamil Nadu: Structure, Functioning and Impact.* Madras Institute of Development Studies. Chennai. 1995.
Supervisor – Prof. A. Vaidyanathan.

2 M.PHIL. DISSERTATION

Economics of Water Management Under Canal Irrigation with special reference to South Bank Canal of the River Cauvery, Bharathidasan University. Tiruchirappalli. 1985.
Supervisor – Prof. C. Thangamuthu.

3 PROJECT POSITIONS

Project Associate. Madras Institute of Development Studies: (15-11-1993 to 18-04-2001)

- (1) *Local Options for Water Supply and Conservation Management - Conflicts in Groundwater Management in Tamil Nadu.* Sponsor: International Development Research Council (IDRC). Canada. **From 01-08-1997 to 18-04-2001.** Project Director – Prof. S. Janakarajan.
- (2) *Environment Action Programme-Small Water Bodies.* Sponsor: Ministry of Environment and Forests. GOI. New Delhi. **From 15-11-1993 to 31-07-1997.** Project Director – Prof. A. Vaidyanathan.

Project Investigator. Madras Institute of Development Studies: **From 08-12-1986 to 06-10-1988.** Project: *Management of Irrigation and its Effect on Productivity under Different Environmental and Technical Conditions.* Sponsor: Central Planning Commission. Government of India. New Delhi. Project Director – Prof. A. Vaidyanathan.

4 FROM PROJECT REPORT TO BOOK (2001)

Prepared the project report, entitled "*Tanks of South India*", (1993-97), jointly with Prof. A. Vaidyanathan. The project report was based on the survey of about 80 system and non-system tanks under the Periyar-Vaigai and Palar Basins. This project report has been published (2001) by Centre for Science and Environment, New Delhi, as a book titled, "***Tanks of South India***", edited by Prof. A. Vaidyanathan.

This edited book contains six chapters, which includes introduction and conclusion and Implications. Of the six chapters, I have contributed three chapters, in which one chapter (Irrigation Institutions under Kaveripakkam and Dusi-Mamandur Tank) is an independent contribution and the remaining two chapters ("Tank Irrigation in South India: An Overview" and "Tanks of Periyar Vaigai Basin") have done with Prof. A. Vaidyanathan.

5 BOOK ON WATER MANAGEMENT IN TAMIL (2010)

The book, entitled, NEER MELANMAI (Water Management) was published in April 2010 on account of the Centenary Celebration of Dr. Malcolm Adiseshiah, founder of MIDS. This book was a collection of various articles on water management that, I wrote in Tamil since 1998 and published in a famous Tamil Daily called "DINAMANI" in its centre page. DINAMANI has a wide range of readers, more than a million, inclusive of Tamil researchers, Scholars, academicians, students apart from the public.

6 BOOK ON IRRIGATED AGRICULTURE IN TAMIL NADU THE CASE OF PARAMBIKULAM ALIYAR PROJECT in English (2011)

The book is based on a resurvey project titled, "Management of Irrigation and Its Effect on Agriculture under Parambikulam Aliyar Project" undertaken in the Parambikulam Aliyar Command in 2006-07. The project report was submitted to the ICSSR – the funding agency - in March 2008. Based on the comments received from three experts, it was suitably revised and published by SIMRES Publications in **October 2011**.

7 BOOK ON REVIVAL OF TANK SYSTEMS AND MITIGATING WATER CRISIS IN TAMIL NADU in English (2019)

The small book has been presented in two sections. Section I deals with the present irrigated agriculture scenario in India and Tamil Nadu during the past 65 years (1950-51 to 2014-15). Some important field based M&E details are presented on the recently completed (2007-2014) World Bank funded Irrigated Agriculture Modernisation and Water Bodies Restoration and Management (IAMWARM) project and its effect on tank irrigation in Tamil Nadu. Also, the book deals with the present status of tank irrigation in Tamil Nadu in a historical perspective. Section II of the book brings out the drinking water scenario in Tamil Nadu and it specifically provides details on averting drinking water problem in Chennai. The value of the book has been enhanced due to the presence of two important irrigation theory based hypotheses apart from the availability of season wise time series rainfall data from 1950-51 to 2016-17 in Tamil Nadu. The book has been brought out by Lap Lambert Academic Publishing in **November 2019**.

8 BOOK ON IRRIGATION IN TAMIL NADU IN TAMIL (2021)

The Tamil book, entitled, *Thamilagaththil Neerppaasanam* (Irrigation in Tamil Nadu) was published in March 2021 on account of the Golden Jubilee Celebrations of Madras Institute of Development Studies and for the Memory of Development of Tanks in Tamil Nadu. This book is a collection of various articles on water management that, I wrote in Tamil since 1998 and published in a famous Tamil Daily called "DINAMANI" in its centre page. DINAMANI has a wide range of readers, more than a million, inclusive of Tamil researchers, Scholars, academicians, students apart from the public. Further, the book has included articles delivered through a few invited talks in All-India Radio, Chennai and a publication in Malayala Manorama, which is updated till 2019. More importantly, the book gives details on 386 block wise groundwater development in Tamil Nadu up to March 2009 that are categorised into five viz., abundant (100% exploitation); dangerous (90 to 100%); leading to danger level (70 to 90%); safe (<70% exploitation) and others (poor quality and saline).

9 WORLD BANK FUNDED TN-IAMWARM PROJECT– IRRIGATED AGRICULTURE MODERNIZATION AND WATER BODIES RESTORATION AND MANAGEMENT

The TN-IAMWARM Project commenced in April 2007 and completed in June 2014. This project was started to execute 5000 major Irrigation Tanks Infrastructure Development works. As per the World Bank norm, the works of the project have to be evaluated by an independent agency in the last three years of the project execution. Consequently, I was involved in this project as a MONITORING & EVALUATION (M&E) specialist as per the agreement reached between the MIDS and the International Evaluation Agency, SMEC – Snowy Mountains Engineering Corporation, Head Office in Australia.

As per the evaluation norms, The M&E Specialist's main task is to visit the field and evaluate the work performance of PWD-WRD and 7 line departments' namely, Agriculture, Agricultural Engineering, Agricultural Marketing, Animal Husbandry, Horticulture, TNAU and Fisheries activities under TN-IAMWARM Project and report to the Multi-Disciplinary Project Unit (MDPU) headed by a Project Director (in the rank of a senior IAS officer at Secretary level) of Government of Tamil Nadu. The Work Bank Team reviews the M&E work once in a quarter. My primary task has been to evaluate the progress and effectiveness of IAMWARM works in the 141 sample tanks spread across 24 districts and reporting. Also to assemble and prepare draft monthly, quarterly, half-early and annual progress reports, submitted to the MDPU, Chepauk, Chennai. On the whole, the project outcome as indicated by the World Bank is "Moderately Successful".

10 GOVERNMENT SPONSORED INDEPENDENT EVALUATION STUDIES

1. Conducted **12 Mid Term Evaluation** and **2 Impact Evaluation** Studies of Drought Prone Areas Programme (**DPAP**) and Dry Land Development Programme from December 2005 to June 2013, Commissioned by **GOTN, Department of Agriculture. DPAP Wing. Secretariat. CHENNAI-9.**
 1. IX Batch, Vellore District. - December 2005
 2. IX Batch, Thoothukudi District - MAY 2006.
 3. X Batch, Dindigul District - July 2006.
 4. X Batch, Coimbatore District - October 2007.
 5. XI Batch, Sivagangai District – May 2008.

6. XII Batch, Virudhunagar District – June 2008.
 7. XI Batch, Pudukkottai District – July 2008.
 8. XI Batch, Thoothukudi District – August 2008.
 9. X Batch, Thiruvannamalai District – September 2008.
 10. XII Batch, Thoothukudi District - February 2009.
 11. V Batch **Impact** Study, Vellore District - June 2009.
 12. V Batch **Impact** Study, Sivagangai District. - June 2010.
 13. XII Batch, Tirunelveli District – March 2011.
 14. ICRISAT Technology - Dry Land Devpt. Program, Vellore Dt – June 2013
2. Conducted 5 Mid Term Evaluation and 1 Impact Evaluation Study of Integrated Wasteland Development Programme (**IWDP**): Commissioned by **GOTN, Department of Agriculture. DPAP Wing. Secretariat. CHENNAI-9.**
 1. Vembakkam Block, Thiruvannamalai District - August 2005.
 2. Thirumayam Block, Pudukkottai District – July 2008.
 3. Kalasapakkam Block, Thiruvannamalai District – September 2008.
 4. Poondi Block, Tiruvallur District – November 2008.
 5. Melmalaiyanur Block, Villupuram District – December 2008.
 6. II Batch **Impact** Study, Vellore District. - July 2009
 3. Conducted 2 Mid Term Appraisal and 1 Impact Evaluation of CAPART (Council for Advancement of People's Action and Rural Technology) Rural Development Programmes: Commissioned by **GOI, India Habitat Centre, New Delhi-3.**
 1. Grama Suyaraj Voluntary Organisation, Pudukkottai – November 2007.
 2. DHAN Foundation Tank Cascade Final Evaluation, Madurai – October 2008.
 3. AMM charities, Final Evaluation for NTRC, Chennai – January 2009.

11 INDEPENDENT PROJECTS

- 1 During 1985-88 the Planning Commission, GOI, sponsored a research project. Prof. A. Vaidyanathan headed that project. The same project was sanctioned by the ICSSR for its Resurvey during 2005-06. I was heading the Project, titled **“Management of Irrigation and Its Effect on Agriculture under Parambikulam Aliyar Project – A Resurvey”**. The Project report was submitted to the ICSSR in **March 2008** and a book was released in 2011.

- 2 Completed a short-term impact evaluation study on **“Performance and Impact Analysis of the Trained Below Poverty Line (BPL) Youths under Skills for Employment in Apparel Manufacturing (SEAM) Program”**, funded by IL&FS Cluster Development Initiative Limited, New Delhi. This survey-based project covered three states of Andhra Pradesh, Karnataka and Tamil Nadu. Final Report submitted in **April 2010**.
- 3 A short-term research project, titled: **“Skill Upgradation of Rural Youths and Employability Potentials in Different Sectors in Tamil Nadu”**, is sponsored by the Evaluation and Applied Research Department of the Government of Tamil Nadu. This six-month project has extensive field surveys in 17 villages located in 5 blocks in 5 districts of Tamil Nadu. Revised Final Report submitted in **May 2011**.
- 4 Completed a short-term study report on **“Impact Study of Trainees of IL&FS Centres in Tamil Nadu, Karnataka and Andhra Pradesh”**, funded by IL&FS Cluster Development Initiative Limited, New Delhi. This survey-based project covered three states of Andhra Pradesh, Karnataka and Tamil Nadu. **June 2012**.
- 5 Completed Rural Infrastructure Development Fund (RIDF) Project on **“Impact Evaluation Study on Agriculture (Irrigation) and Connectivity (Roads & Bridges) Sector Projects Supported under RIDF in Tamil Nadu”**, funded by NABARD, Head Office - Mumbai. **October 2016**.
- 6 Quick Study on **“Farmers Clubs Programme (FCP) in Tamil Nadu for Redesigning the Policy Guidelines on Farmers Club Programme”**, DEAR (Department of Economics and Research) – NABARD: Head Office, Mumbai, **December 2016**.
- 7 Tamil Nadu Tribal Welfare – HDBI Project – **“Study on Health, Education and Livelihood Status of Tribal in Certain Hills of Eastern Ghats of Tamil Nadu,”** funded by State Planning Commission – GoTN, Nine Months project. Initiated in June 2016. Final Report Submitted in **May 2018**.

- 8 **“Structure, Functioning and Impact of Irrigation Institutions: The Case of Tank Irrigation in Tamil Nadu”**. Funded by the ICSSR, 18 months Project, initiated in July 2016. Final Report submitted in **June 2018**.
- 9 **“Preparation of District Development Action Plan for Ramanathapuram and Virudhunagar Districts”**. Funded by SPC, GoTN, 4 Months Project. From January 2018 to April 2018. Final Report submitted in **August 2018**.
- 10 **“RIPF-Impact Evaluation Study in Respect of Rural Drinking Water Supply Project Assisted under RIDF”**. Funded by NABARD-RO, Chennai – 20. 6 Months Project Initiated in April 2018. Final Report submitted in **April 2019**.

- 51 “Sustainability of Groundwater Irrigation in Tamil Nadu.” In the **National Groundwater Conference 2013**, sponsored by Water Technology Centre, held at Tamil Nadu Agricultural University Coimbatore. **December 9-11, 2013.**
- 50 “Recession in Agriculture: Factors Responsible for its Declining Growth since the 1990s.” In the **Refresher Course in Economics**, sponsored by the University of Madras & Academic Staff College, held at Department of Economics, University of Madras. **September 25, 2013.**
- 49 “Participatory Irrigation Management under Tanks: The Case of IAMWARM Project.” In the Madurai Symposium 2013 on **Governance for Advancing Development**, sponsored by the DHAN Foundation, held at Thamukkam Grounds, Madurai. **September 15, 2013.**
- 48 “*Crumbling Water Bodies and Weakening Tank Systems: The Case of IAMWARM Project.*” In the National Seminar on **Small Water Bodies in India: Status and Impact**, sponsored by the ICSSR, held at Alagappa University, Karaikudi. **September 11-12, 2013.**
- 47 “*Sustainable Development of Natural Resources: with Special Reference to Tanks of Tamil Nadu.*” In the Valedictory Function of Economic Association for 2012-2013 Academic Year, sponsored by **GURU NANAK COLLEGE, Department of Economics**, Velachery, **Chennai**, March 14, 2013.
- 46 “*The IAMWARM Project - Need of the Hour.*” In the Training Program to the Engineers of Project Management, Govt. of ODISHA, World Bank Aided Tank Development Project, sponsored by **MDPU, IAMWARM Cell, Change Management Division, GoTN**, Tourism Development Corporation Ltd, Hotel Tamil Nadu, **Mahabalipuram**, March 04, 2013.
- 45 “*Sustainable Development of Natural Resources: Air and Water – Part II.*” In the Training Program on Sustainable Development, sponsored by **Chennai Petroleum Oil Corporation Ltd, A Group Company of Indian Oil**, RESAT – 8, Seethammal Road, Alwarpet, **Chennai-18**, February 28, 2013.

- 44 “*Sustainable Development of Natural Resources: Air and Water – Part I.*” In the Training Program on Sustainable Development, sponsored by **Chennai Petroleum Oil Corporation Ltd, A Group Company of Indian Oil**, RESAT – 8, Seethammal Road, Alwarpet, **Chennai-18**, January 21, 2013.
- 43 “*Web Based Project Monitoring Information System.*” In the Workshop cum Training Program of ToT for TN-IAMWARM Project, sponsored by **SMEC India and MDPU, GoTN, Hotel Raj Park, Chennai**, January 24-25, 2012.
- 42 “*Water Resource Management: With Special Reference to PAP.*” In the National Conference on Mining of River Sand and Its Impacts on the Environment, sponsored by Department of Economics **Manonmaniam Sundaranar University, Tirunelveli**, March 10-11, 2011.
- 41 “*Irrigation Management and its Effect on Productivity under Parambikulam Aliyar Project in Tamil Nadu.*” In the National Conference on Food Security – Role of Policies, Optimum Use of Agricultural Inputs & Natural Resources, Organised by SAKET Projects Ltd., SAKET House, Panchaseel, Usmanpura, **Ahmedabad Management Association, Ahmedabad**, February 25-26, 2011.
- 40 “*Necessity of Public Participation in Water Resources Management.*” In the Two-day Sensitization Programme for Zonal Water Partners on Climate Induced Flood & Drought Mitigation and Management, Organised by India Water Partnership in Collaboration with ISID & NIDM, **Institute of Studies in Industrial Development, New Delhi**, December 21-22, 2010.
- 39 “*Watershed Management and Sustainable Agriculture: A Case Study from Sivagangai District.*” In the Regional Workshop on Artificial Recharge and Watershed Management, sponsored by Department of Geology, **Periyar University, Salem**, August 6, 2010.
- 38 “*Watershed Development and Decline of Rural Poverty: Case Studies from Sivaganga District.*” In the National Seminar on Irrigation Water Constraints and its Possible Impact on Rural Poverty, sponsored by Department of Rural Development, **Alagappa University, Karaikudi**, March 29-30, 2010.
- 37 “*Irrigation in Tamil Nadu: Problems and Prospects.*” In the National Conference on Interlinking of National Rivers: Impacts and Implications sponsored by Department of Economics, **Manonmaniam Sundaranar University, Tirunelveli**, March 18-19, 2010.
- 36 “*Ecological Sustainability and Development of Tank Irrigation: A Future Prospect.*” In the National Seminar on Ecosystem Based Watershed Development for Environmental Sustainability Organised by **DHAN Vayalagam (Tank) Foundation, Madurai**, September 15, 2009.

- 35 *“Irrigation Management and its Effect on Productivity under Parambikulam Aliyar Project in Tamil Nadu.”* In the 7th Annual Partners Meet, IWMI TATA Water Policy Research Program Organised by IWMI South Asia – Sub Regional Office, Hyderabad, **ICRISAT Campus**, Patancheru, Hyderabad. April 2-4, 2008.
- 34 *“Issues in Rehabilitation of Tanks for Irrigation”*. **Lecture II to Executive Engineers and Junior Engineers**. Organised by **National Water Academy**. Central Water Commission. Pune. Maharashtra. 6 March 2007.
- 33 *“Tank Irrigation in South India - an Overview”*. **Lecture I to Executive Engineers and Junior Engineers**. Organised by **National Water Academy**. Central Water Commission. Pune. Maharashtra. 6 March 2007.
- 32 *“Sustainable Development of Tanks in Tamil Nadu”*. In the National Workshop on Rejuvenating Tanks for Sustainable Livelihoods – Emerging Trends. Sponsored by **WWF – ICRISAT Dialogue Project, ICRISAT**, Andhra Pradesh. August 3-4, 2006.
- 31 *“Land and Water Productivity in Tank Irrigation: A Comparative Analysis”*. In the 5th Development Convention of ICSSR Institutions Located in South India. **Centre for Multi-Disciplinary Devpt. Research**, Dharwad, Karnataka. April 27-28, 2006.
- 30 *“Issues in Rehabilitation of Tanks for Irrigation”*. **Lecture II to Chief Executive Officers and Executive Engineers**. Organised by **National Water Academy**. Central Water Commission. Pune. Maharashtra. February 22, 2006.
- 29 *“An Overview of Tank Irrigation in South India”*. **Lecture I to Chief Executive Officers and Executive Engineers**. Organised by **National Water Academy**. Central Water Commission. Pune. Maharashtra. February 22, 2006.
- 28 *“Land and Water Productivity in Tank Irrigation: Some Methodological Issues”*. In the **MIDS Faculty Seminar**. Chennai. December 7, 2005
- 27 *“Decline of Tank Irrigation in Tamil Nadu: Causes and Consequences”*. In **The Political Economy of Drought and Deterioration of Tank Irrigation in Rayalaseema**. UGC’s National Seminar. P V K N Govt. College **Chittoor**, Andhra Pradesh. October 26-27, 2005.
- 26 *“Traditional Irrigation Management under Tanks: with Special Reference to Mamulnamas”*. In the **National Workshop on “Traditional Wisdom in Water Management”** Indian Council for Water & Culture, Aurangabad. Maharashtra Engineering Research Institute, **Nashik** Maharashtra. October 15-16, 2005.
- 25 *“Farm Level Land and Water productivity in Tank Irrigation: Some Methodological Issues”*. In **India’s Water Economy: Bracing up for a Turbulent Future**. IWMI-TATA Water Policy Program. **Anand**, Gujarat, February 24-26, 2005. (Preliminary Findings).

- 24 “*Decline of Tank Irrigation in Tamil Nadu? Causes and Consequences*”. In the **National Seminar on “Sustainable Water Management”** Agro-Economic Research Centre, University of Madras, **Chennai**. September 1-2, 2004.
- 23 “*Efficiency of Water Use in Indian Agriculture*”. In the **MIDS Monthly seminar**. Chennai. 16 March 2004.
- 22 “*Irrigation Management under Traditional Tank Irrigation Systems: A Case Study under the PAS*”. In **Traditional Technologies under Ponds/Tanks Infrastructure**. DHAN Foundation. Madurai. 17-18 January 2004.
- 21 “*In Search of Irrigation Institutions: Need for Revival*”. In **62nd Annual Conference of Indian Society of Agricultural Economics**. Indian Agricultural Research Institute. **New Delhi**. 19-21 December 2002.
- 20 “*Benefit-Cost Assessment: A Framework for Training ICZM*”. **Integrated Coastal Zone Management (ICZM) Workshop**. Anna University - Institute for Ocean Management. Chennai. 28 November 2002.
- 19 “*Stakeholder Analysis: A Framework for Training ICZM*”. **Integrated Coastal Zone Management (ICZM) Workshop**. Anna University - Institute for Ocean Management. Chennai. 27 November 2002.
- 18 “*Preparation of MANUAL for ICZM Training Programme*”. Jointly Organized by the **Department of Marine Sciences and Coastal Management, University of Newcastle and Anna University**- Institute for Ocean Management. Chennai. Held at **VAIZAG** (Andhra Pradesh). 12-23 November 2002.
- 17 “*Strategy for Development of Watersheds in Tamil Nadu*”. In **National Workshop on Watershed Management Strategies: A New Outlook for 21st Century**. Water Technology Centre. Coimbatore 28-30 November 2001.
- 16 “*Identification and Evaluation of Coastal Areas*”. In **ICZOMAT Training Programme**. Anna University - Institute for Ocean Management. Chennai. 7 November 2001.
- 15 Participated in ‘*Training-of-the-Trainers (TOT) Program*’ on Integrated Coastal Zone Management and Training (ICZOMAT). Sponsored by the **Department of International Development, U.K. Anna University - Institute for Ocean Management**. Chennai. 4-7 September 2001.
- 14 Sustainable Development and Management of Small Water Bodies in India with reference to Tamil Nadu”. **MIDS Monthly Seminar**. Chennai. 23 August 2001.

- 13 Attended in "*Dialogue on Development & Administrative Reforms*". Organised by the **State Organising Committee Republic - 50 Celebrations**, Department of Culture, Government of India. ICSA Programme Centre and Guest House. Chennai. 30 March 2001.
- 12 "*Alapakkam - A Resurvey*". In Village Studies Workshop. Sponsored by **Kerala Research Programme on Local Level Development**. MIDS. Chennai. 17-18 March 2001.
- 11 "*Maintenance of Age-old Tank Irrigation System*". In State-level Consultation on **Status of Water Bodies in Tamil Nadu**. Madras School of Social Work. Chennai. 31 August – 1 September 2000.
- 10 Attended the International Workshop on the common methodology for the IDRC (International Development Research Centre) Phase II Project (Local Options for Water Supply and Conservation Management). **Nepal Water Conservation Foundation. Kathmandu**. 14 - 20 May 2000.
- 9 "*Governance and Institutional Reforms: An Historical Approach*". In National Seminar on **Integrated Water Resource Management: A Way Forward**. Department of Sociology. University of Madras. Chennai. 23 - 24 March 2000.
- 8 Attended the Third Meeting **Net Working Institutions Engaged in Rain fed Tank Management**. Water Technology Centre. Coimbatore. 10 September 1997.
- 7 "*Tanks in the Periyar-Vaigai Basin: An Analytical Note*". In State Level Seminar on **River Basin Planning - Periyar Vaigai in 2025**. Irrigation Management Training Institute. Tiruchirappalli. 3 - 4 April 1997.
- 6 "*Irrigation Institutions in Two Large Multi-Village Tanks in Tamil Nadu*". In the Seminar **Conservation and Development of Tank Irrigation for Livelihood Promotion. "PRADAN"**. Madurai. 12 July 1996.
- 5 *Water Allocation and Management Under Large Tanks in Tamil Nadu: With Special Reference to Mamulnamas*". In **2nd Congress on Traditional Sciences and Technologies of India**. Anna University. Madras. 26 - 31 December 1995.
- 4 *Maintenance of Traditional Tank Irrigation Systems: Case of Kaveripakkam and Dusi-Mamandur Tanks*". In the **Proceedings of the National Workshop on Traditional Water Management for Tanks and Ponds**. Centre for Water Resources and Ocean Management. Anna University. Madras. 14 - 15 Sept. 1995.
- 3 "*Tank Irrigation Management Under Different Conditions: Study of Two Large System Tanks in Tamil Nadu*". In International Conference on **The Political Economy of Water in South Asia: Rural and Urban Action and Interactions**. MIDS. 5-8 Jan. 1995.

- 2 "Organisational Structure and Functioning of Two Large Irrigation Tanks in Tamil Nadu". In the **Seminar on Farmers Participation in Managing Irrigation Systems**. Irrigation Management Training Institute. Tiruchi. 23 - 24 Dec.1991.
- 1 "Methodology Paper on Tank Water Management". In **Research Scholars' Workshop**. Osmania University Campus. Hyderabad. 16 - 19 October 1989.

16 OTHER ACADEMIC AND PUBLIC ACTIVITIES

- 29 Attended Policy Dissemination and Advocacy Workshop on "Resource Use Planning for Sustainable Agriculture" at Centre for Agriculture and Rural Development Studies (CARDS), TNAU, Coimbatore – 641003 co-organised by ICAR-National Institute of Agricultural Economics and Policy Research (NIAP), New Delhi. 24.01.2020.
- 28 Member of the Selection Committee for SAWA (SaciWATERs) Batch III. Selection of 3 Saci/Waters Fellows. Centre for Water Resources, AU, Chennai. 16.12.2019.
- 27 Conducted PhD Public Viva Voce Examination of the Thesis, "Impact of Mahatma Gandhi National Rural Employment Guarantee Act (MGNREGA) on Rural Livelihood – A Study with Special Reference to Kancheepuram District." Department of Economics, D.R.B.C.C.C. Hindu College, Pattabiram, Chennai – 600072. 12.04.2019.
- 26 Selection Committee Member - as Subject Expert in Economics for the Academic Year 2019-20 – to select candidates through the Interview Committee, in D.R.B.C.C.C. Hindu College, Pattabiram, Chennai – 600072. 10.04.2019.
- 25 Selection Committee Member for SAWA (Saci Waters) Phase II Fellows. Selection of 3 Saci/Waters Fellows. Centre for Water Resources, AU, Chennai. 12.11.2018.
- 24 Conducted Viva-voce Exam of **Nine** M.E. Part II Reports in Integrated Water Resources Management, Centre for Water Resources, Department of Civil Engineering, **Anna University, Chennai** 600 025. 7 June 2018.
- 23 Guidance of Two Intern B.A. Students from Kerala on "A Study on Agriculture in Elangulam Village, Kottayam District, Kerala". 10 May 2018.
- 22 Review of the Paper for Journal of Social and Economic Studies, "History of Reclaimed Kayals in Kuttanad and Associated Social Divide in Alappuzha District, Kerala". AN Sinha Institute of Social Studies, Patna, 14 April 2018.

- 21 Review of the Paper for E&PW, "Payment for Ecosystem Services to sustain Kudimaramathu in Tamil Nadu" by L. Venkatachalam and Kulbhushan Balooni, Vol LIII No. 6. 10 February 2018, pp. 21-23.
- 20 Review of the Paper for E&PW, "Kudimaramathu – "Tamil Nadu Revives Kudimaramathu – Ancient Wisdom of Water Management" by S. Rajendran, Vol LIII No. 6. 10 February 2018, pp. 18-20.
- 19 Review of the Paper for Journal of Social and Economic Studies, "Land Reforms in Bihar in 21st Century Rhetoric Versus Reality". AN Sinha Institute of Social Studies, Patna, 05 February 2018.
- 18 Conducted PhD Public Viva Voce Examination of the Thesis, "Water Uncertainty and Changing Land Relations: A Study in the Cauvery Delta of Tamil Nadu, India." Post-Graduate and Research Department of Economics, Periyar E.V.R. College (Autonomous), Tiruchirappalli, 20 December 2017.
- 17 Conducted Viva-voce Exam of **Nine** M.E. Part I Reports in Integrated Water Resources Management, Centre for Water Resources, Department of Civil Engineering, **Anna University, Chennai** 600 025. 11 December 2017.
- 16 Selection Committee Member for SAWA Phase II Fellows. Selection of 3 Sasi/Waters Fellows. Centre for Water Resources, AU, Chennai. 27.11.2017.
- 15 Review of the Paper for Journal of Social and Economic Studies, "Land, Caste and Gender in Tamil Nadu and Madhya Pradesh". AN Sinha Institute of Social Studies, Patna, 05 August 2017.
- 14 Commented on the Report, "Water for Public Good" – Comments on Third Journey Report, titled, "Understanding and Practice of Water for Livelihoods, Primarily in Agriculture and Allied Areas", **Hindustan Unilever Foundation (Ltd), Unilever House, Mumbai**. 04 April 2016.
- 13 Evaluation of M.Phil. Dissertation. "Trends and Pattern of Foreign Direct Investment Inflows and Outflows from India." **Dept. of Economics, Kanchi Mamunivar Centre for P.G. Studies, Puducherry**. 11 February 2016.
- 12 Conducted PhD Public Viva Voce Examination of the Thesis, "Labour Migration in Agricultural Sector in Sankarapuram Taluk of Villupuram District, TN." Department of Post-Graduate and Research Studies in Economics, Presidency College, Chennai, 19 June 2015.
- 11 Conducted Viva-voce Exam of **Nine** M.E. Reports in Integrated Water Resources Management, Centre for Water Resources, Department of Civil Engineering, **Anna University, Chennai** 600 025. 03 June 2015.

- 10 Conducted PhD Public Viva Voce Examination, "A Study on Socio-Economic Conditions of Sanitary Workers in Tamil Nadu – With Special Reference to the Chennai Corporation." Department of Post-Graduate and Research Studies in Economics, Presidency College, Chennai, 11 February 2015.
- 9 Conducted PhD Public Viva Voce Examination, "Impact of Poverty Alleviation Programmes on the Levels of Living of Scheduled Castes in Tamil Nadu – A Case Study of Vellore District." Department of Post-Graduate and Research Studies in Economics, Presidency College, Chennai, 31 December 2014.
- 8 **Four lectures** to the Newly Recruited Ph.D. Scholars (2013-14 batch) of the MIDS as a **Ph.D. Course Work** in March 2014.
- 7 Conducted Ph D Public Viva Voce Examination. "A Study on the Socio-Economic Conditions of Narikuravas: With Special Reference to Tiruvannamalai District, Tamil Nadu." Department of Post-Graduate and Research Studies in Economics, Presidency College (Autonomous), Chennai, 10 January 2014.
- 6 **Three lectures** to the Newly Recruited Ph.D. Scholars (2012-13 batch) of the MIDS as a **Ph.D. Course Work** from February to April 2013.
- 5 Evaluation of **Six** M.E. Phase I Reports in Integrated Water Resources Management, Centre for Water Resources, Department of Civil Engineering, **Anna University, Chennai** 600 025. December 2010.
- 4 Evaluation of M.Phil. Dissertation. "A Study on the Progress of Agricultural Credit in Karaikkal District." **Kanchi Mamunivar Centre for P.G. Studies, Puducherry.** 18 January 2010.
- 3 Conducted Ph. D Public Viva Voce Examination. "Water Pricing for Irrigation – A Case Study of Madurantakam Tank." Department of Economics. University of Madras 19 March 2008.
- 2 Worked in a Collaborative Research Project in the **IWMI-Tata Water Policy Program** on "Efficiency of Water Use in Tank Commands in the Palar Basin". One year from June 2004-05.
- 1 Evaluation of M.Phil. Dissertation. "A Study of Solar Appliances and their Utilisation in the Union Territory of Pondicherry". **Kanchi Mamunivar Centre for P.G. Studies. Pondicherry.** 19 November 2003.

17 GUIDING (SUPERVISING) PH.D. SCHOLARS IN MIDS

RECOGNITION OF GUIDESHIP: As per the University of Madras Letter (Ref. No: D2 / Ph.D. / Guideship / A.S.O.III / MIDS / Chennai/ 11 / 2002) dated 18 November 2002 to

the Director MIDS, I have been recognized as a Supervisor for guiding candidates leading to Ph.D. Degree of this Madras University. As per regulations V (b) governing the Ph.D. Degree, the total number of candidates registered for the Ph.D. Degree under a guide is EIGHT in the case of research Institutes.

Ph. D Candidates Worked in MIDS under My Guidance as Full Time Scholars:

1 Mr. D. Yeswanth (University of Madras Ref. No. 32 / Ph.D. /D2 / 2004 / April / F.T/ 886 dated **9 Aug 2004**). He joined as a Ph.D. Scholar in MIDS in January 2004 and relieved of in **June 2004** to join Fellow Programme in Rural Management in the Institute of Rural Management. Anand, Gujarat.

2 Mr. V. Gandhiraj (University of Madras Ref. No. 32 / Ph.D. /D2 / 2005 / F.T/ Col. / January 2005 / 3909 dated **23 April 2005**). He joined as a Ph.D. Scholar in MIDS in April 2005. He worked in the Institute for his Ph.D. topic, "Changing Phase of Irrigation Tanks in Tamil Nadu: with Special Reference to Chembarampakkam Tank" **till April 2012**. After that he got a permanent job in Co-operative Bank in his native district. As a result, he discontinued from the research program in 2012.

3 In the Academic Year 2014-15, in the MIDS Ph.D. Scholars selection, I have been allotted two ICSSR - Ph.D. Scholars for guidance. They are pursuing their research in the following research topics:

- a. G. Elayaraja: *A Study of Rural Non-Farm Employment in India with Special Reference to Tamil Nadu.*
- b. K. Sankara Pandi: Migration and Urbanization: A Study on Impact of the People and their Economic Activity.

4. From the academic year 2015-16, I have been guiding the part-time PhD scholar, Mr. V. Jegatheesan, (Asst. Director, Directorate of Census Operation, Tamil Nadu), on his topic titled, "Peri-Urban Development and Sustainability: The Case of Chennai City in Tamil Nadu." He has completed his registration for PhD with the University of Madras.

18 FIELD EXPERIENCE

M A study sponsored by NABARD under the title, “Impact Evaluation Study of Rural Drinking Water Supply Project Assisted under RIDF in Tamil Nadu” was taken up by MIDS. NABARD has been extending financial support to state governments under Rural Infrastructure Development Fund (RIDF), towards promotion of piped drinking water connection facility in rural households. For this project purpose, four Combined Water Supply Systems (CWSS) with the focus on covering socio economic benefits accrued to rural households in the respective schemes of these projects, spread over in four districts viz., Virudhunagar, Madurai, Pudukkottai and Coimbatore have been studied.

While the importance of promotion of drinking water scheme towards enhancing the quality of human life, aided with the government policy support and huge RIDF assistance is well recognized from growth perspectives on the one hand, it is equally significant to evaluate the socio economic impact of these investment on the quality of the outcome of the drinking water scheme on the living standard of rural people (both tangible and intangible benefits) from development perspectives on other hand towards fulfillment of the purpose of the scheme as conceived in policy measures. Hence there is a need for the study to focus on social welfare policy, demographic behavior and the issue related to standard of living with a common understanding of how policy and socio-economic forces affect individual decision making and wellbeing of the members in the family.

In the 4 sample districts, of the total 4783 rural habitations benefitted by the project, 1 % of habitations accounting 48 habitations are covered for evaluating the implementation of the drinking water scheme. In the 4 project areas, 400 households, each one having 100 sample HHs, are interviewed for eliciting their views on the tangible and non-tangible benefits accrued from the projects. As a Principal Investigator, I have also made overall field supervision for this project. One of the main results of the study is accessibility of **combined drinking water**

supply scheme and local groundwater supply for drinking purpose is distributed in the following ratio: **litres per capita daily norm 40 (lpcd)**: 1. Virudhunagar **30:10**. 2. Madurai **30:10**. 3. Pudukkottai – in 3 blocks it is **20:20** and in 5 blocks it is **30:10**. 4. Coimbatore **40:0**. No groundwater supply is possible in Coimbatore.

L As a NABARD sponsored project, a quick study on “**Farmers’ Club Programme in Tamil Nadu**” was undertaken in 2016. NABARD has been supporting FCP through various facilitating agencies viz., Banks, KVKs ATMA, NGOs, Agricultural universities, Federations and others for making collective efforts for adoption of technology, access to market information and credit. Besides rural branches of commercial banks, Regional Rural Banks and Primary Agricultural Cooperative Societies (PACS) are also actively participating in FCP. As on June 2016, there are 8190 FCs in Tamil Nadu. Reportedly the functioning of the FCs is better with a good number of successful clubs in Tamil Nadu.

Since the collective strength of FCs at federation/cluster level provides potential for upscaling FCs into FPO/FPC, a probe into the nature and extent of attributes that cause dormancy in FC system has become necessary to work out strategy for facilitating their rejuvenation. It is therefore, the study assumed importance as the findings would help in appreciating the ground level complexities found in the implementation process of FCP and also functioning of FPO as an aggregator in terms of new policy on FCP and gain experience for improvising the process. Ultimately field observation and critical intervention identified in the study would facilitate redesigning the policy guidelines on FCP. As a part of this study 4 districts such as 1. Villupuram. 2. Tirunelveli. 3. Karur, and 4. Pudukkottai were taken up to study 8 farmers’ clubs, two each in each sample districts, out of 1085 registered in the 4 districts. I worked as the Principal Investigator of this project.

K I have done a field survey with two research staff for a project titled, “**Structure, Functioning and Impact of Irrigation Institutions: The Case of Tank Irrigation in Tamil Nadu**” funded by the ICSSR, New Delhi. The study has involved the following process: (1) Secondary data relating to the entire Palar Anicut System

(PAS) over a period of 111 years (1905-2017) were collected and analysed. (2) With the help of the secondary data, two major system tanks such as Kaveripakkam tank (KPT) which irrigates about 2370 hectares in 14 revenue villages and Dusi-Mamandur tank (DMT) that serves about 1670 ha in 18 revenue villages, have been selected purposively for an in-depth study among the 317 tanks served by the Palar Anicut System.

After the aforesaid basic process, the sampling details of the project was finalised. In the two sample tanks, initially a first round general village level survey in all the 32 villages in both the tanks was conducted and based on that 9 sample villages have been finalised for an in-depth study. The next step was based on the schedules prepared for enquiry at two levels. One in the 9 sample villages (Kaveripakkam Tank 5 villages and Dusi-Mamandur Tank 4 villages), and two, 216 sample farmer households were interviewed. In each sample village, 24 sample farmers viz., head reach of the village 8 farmers, tail reach of the village 8 farmers and well farmers 8 in the entire sample village have been interviewed. Following the process, the sample village level survey and the farmer household level survey in the nine sample villages has been completed and the project report was submitted in June 2018. Also, the revised version of the report is planned for a publication of book in the early 2020.

J From January to September 2015, I had fully involved in the NABARD Sponsored **“Infrastructure Structure Development Fund”** (RIDF) Impact Evaluation Project study conducted in 31 districts (except Chennai) in Tamil Nadu. The Project was evaluated in the agriculture (Irrigation) and Connectivity (Road and Bridge) sector works carried out in tranches 14, 15 and 16 related to the years 2009-10, 2010-11 and 2011-12 respectively. Altogether 204 samples have been covered (Road 141; Bridge 54 and Irrigation 9) during the intensive field survey conducted from March to May 2015. A team of seven members worked in the project including two senior consultants. Apart from organizing the project activities, I also participated in many of the filed works in several districts, in which all nine sample irrigation works have

been independently surveyed and completed. The final report was submitted to NABARD in October 2016.

- I From April 1, 2011, I have been involved in the World Bank Funded “IAMWARM” (**Irrigated Agriculture Modernization and Water Bodies Restoration and Management**) Project as an M&E (Monitoring & Evaluation) Consultant through SMEC (Snowy Mountains Engineering Corporation) International – who took this M&E Project from the Govt. of Tamil Nadu to evaluate the performance of the IAMWARM Project work carrying out by the eight line departments such as 1 Water Resources, 2 Agriculture, 3 Agricultural Engineering, 4 Agricultural Marketing, 5 Animal Husbandry, 6 Horticulture, 7 Tamil Nadu Agricultural University and 8 Fisheries. The objective of the project is to get more income per drop of water in agriculture. The eight line departments have been involved to work together to fulfill the objective. There are 4918 PWD tanks taken up for rehabilitation through this project with the World Bank Funding of about Rs. 2200 crores. The project period is for 7 years from April 1, 2007 to June 30, 2014. The SMEC M&E team’s main job is to evaluate the performance of the 8-line department’s activities to cope with the indicators based project objective. For this purpose, we have evolved a sampling technique to monitor the progress and impact of the works carried out in 141 Project Sample tanks throughout the state of Tamil Nadu, which covers 63 sub-basins located in 24 districts. I have been working as an **M&E Specialist** and the **Deputy Team Leader of the Project** from April 1, 2011. In March 2013 the M&E Consultancy have completed the M&E concurrent monitoring survey in all the 141 project sample tanks and prepared Monthly, Quarterly, Six-monthly and Annual Reports submitted to the MDPU (**Multi-Disciplinary Project Unit**) headed by the Senior IAS Officer of the Govt. of Tamil Nadu.
- H From August 2005 to June 2013 submitted 3 **CAPART** project reports (Government of India), **6 IWDP** commissioned project reports and **14 DPAP** commissioned project reports (Government of Tamil Nadu). All these reports were based on field observations extended from one to two weeks each.

- G Conducted the field survey over six months (June to December 2006) along with two field assistants in 12 distributaries out of 103 in the Parambikulam-Aliyar Project (PAP) Command in Coimbatore District during the year 2006. This survey covers around 700 PAP sample farmers located in 100 sample blocks in 40 revenue villages in four taluks of Pollachi, Udumalpet, Palladam and Tirupur. This project titled, **“Management of Irrigation and Its Effect on Productivity in the Parambikulam-Aliyar Project Command in Tamil Nadu – A Resurvey”** was sponsored by the ICSSR, New Delhi. The PAP irrigation is one of the best Managed systems in South Asia.
- F Conducted the field survey along with Field Assistant in seven tanks in the Cheyyar Basin as part of the study required for the IWMI Collaborative Project titled, “Farm Level Land and Water Productivity in Tank Irrigation”. Sponsor: **IWMI-TATA Policy Research Programme, Gujarat, India**. For this project, farmers’ interviews were conducted during October-December 2004 and the report has been published as a working paper in September 2005. No. 194.
- E Conducted the field survey independently (as a Project Associate) for the project "A Study of Changes in Selected Villages in Tamil Nadu". Sponsor: **Kerala Research Programme on Local Level Development**. For this project, a village resurvey was conducted during August-September 2000 and the report has been published as a working paper in August 2002. No.173.
- D Conducted the **preliminary field survey** independently (as a Project Associate) in 41 villages for the project "*Local Options for Water Supply and Conservation Management - Conflicts in Ground Water Management in Tamil Nadu*" (phase I) in the **Noyyal River Basin** during April-June 1998. A **detailed farm level survey** of 180 well farmers was conducted in 4 sample villages during Dec.-May 1998-9.
- C A detailed secondary data collection for the three tank - intensive States of **Andhra Pradesh, Karnataka and Tamil Nadu** was carried out during 1994. Also conducted a field survey independently (as a Project Associate) in the **Periyar-**

Vaigai Basin, (16 system and 21 non-system tanks), for the project "*Small Water Bodies*" in Madurai, Sivagangai and Ramanathapuram districts during 1995.

- B Conducted an intensive field survey independently (as a Research Scholar) in different phases for nearly two years for Ph.D. Programme in the two major system tanks of **Kaveripakkam and Dusi-Mamandur** in the **Palar Basin** in Vellore and Thiruvannamalai districts between 1990 and 1992.
- A Worked (as a Field Investigator) in the Central Planning Commission Project during 1986-87. I was involved in the field survey in the **Parambikulam Aliyar Project** in **Udumalpet region** in Coimbatore district.
